

Definitions

Certification

process used to verify that individual candidates have adequate credentials to practice the risk management discipline. Two levels are set: the FERMA Certification Level that demonstrates basic knowledge and experience, and the FERMA Advanced Certification Level that demonstrates high level knowledge and experience.

Who can apply for Certification? *Risk & Insurance Managers, Risk Managers, Insurance Managers, and other risk professionals*

Accreditation

process used to acknowledge that an education body's programme meets the minimum Risk Management education requirements set by FERMA.

Who can apply for Accreditation? *Universities, higher schools and those who offer specific risk education*

Licensing

process used to acknowledge that an event's programme meets the minimum Risk Management education requirements set by FERMA to provide continuous professional development.

Who can apply for CPD Licensing? *Entities including member associations organising events in Risk Management, e.g. seminars, workshops, conferences, courses, roundtables...*

Through **Certification** FERMA will set a **standard in Risk Management** and **evaluate candidates** according to:

- a Body of Knowledge
- Experience
- Continuous Professional Development
- a Code of Ethics
