

## Why should I take the FERMA ULPSFHUWLRQ/LRQ

FERMA RIMAP certification is **unique** because it provides:

- 1, an **independent** confirmation of your professional competences and experience adding value to yourself and to the company you work for
- 0, a **European** Risk Management course developed by European risk managers and recognised by FERMA's 21 risk management member associations
- 1, a **continuous dynamic learning path**: earn CPD (Continuous Professional Development) points by participating in ERMA licensed events
- 2, a unique approach to Integrated Risk Management offering a balanced view on ERM related topics versus Insurance and Risk Financing topics

FERMA Rimap certification is without any doubt a noticeable milestone for any young risk manager. It will give the expert the opportunity to be an actor in the elaboration of future best practices in the field. In any case such a certification will allow you to broaden your horizons.

Frederic-Mathieu Richard, Safety&Security Engineer  
at European Gravitational Observatory - ITALY

What I found helpful was the quite heavy emphasis on risk management versus insurance, as risk management is the area I wanted to develop.

Nataliya Todorova, Head of Insurance,  
Save the Children International - United Kingdom

The blend of the exam questions suited my working environment, and I found the learning materials appropriate preparation. Rimap provides a vocabulary and framework so that we can be efficient in communicating our intentions and expectations.

Sebastian Bregning, Senior Risk Manager,  
A. P. Moller - Maersk A/S - Denmark

THE FERMA  
RIMAP EXAM  
WHENEVER YOU  
ARE READY**

## Am I eligible?

No eligibility criteria are required to pass the Rimap certification, you may apply at any time. However we will ask you to provide us with your education level as well as the number of years of experience in a Risk Management position. Three levels of certification apply :

- Entry level for candidates with no experience in risk management
- Professional level for candidates with a minimum of 3 years experience in the field
- Advanced level, for those having followed the Rimap Advanced Workshop and with 10 years experience in the field

## What do I need to study?

Four sets of learning material developed by FERMA's team of risk experts are available online following enrolment.

## What can I expect for my examination date?

- 2-hour online exam with 100 questions
- technical requirements: computer, internet connection, 3 hours continuous availability without disruption
- not applicable, proctoring directly on the platform

## Examination dates

Certification online exams are held monthly to provide you with the greatest flexibility.

## How do I apply?

1. Apply on the FERMA certification website at [www.ferma.eu/rimap-certification](http://www.ferma.eu/rimap-certification) and upload an up-to-date CV and your highest /most relevant degree.
2. Once your application has been approved, our certification partner LHWC will contact you for enrolment, which will allow you to:
  - access learning materials and practice questions
  - choose your examination date
  - pay the certification fee

## Application fees (all prices are exclusive of VAT)
