

Why should I take the FERMA RIMAP Certification?

FERMA RIMAP certification is **unique** because it provides:

1. an **independent** confirmation of your professional competences and experience adding value to yourself and to the company you work for
2. an **European** Risk Management course developed by European risk managers and recognized by FERMA's 21 risk management member associations
3. a **continuous dynamic learning path**: earn CPD (Continuous Professional Development) points by participating in FERMA licensed events
4. a **unique approach** to "Integrated Risk Management" offering a balanced view on ERM related topics versus Insurance and Risk Financing topics

"FERMA Rimap certification is without any doubt a noticeable milestone for any young risk manager. It will give the expert the opportunity to be an actor in the elaboration of future best practices in the field. In any case such a certification will allow you to broaden your horizons."

Frederic-Mathieu Richard, Safety&Security Engineer
at European Gravitational Observatory - ITALY

"What I found helpful was the quite heavy emphasis on risk management versus insurance, as risk management is the area I wanted to develop."

Nataliya Todorova, Head of Insurance,
Save the Children International – United Kingdom

"The blend of the exam questions suited my working environment, and I found the learning materials appropriate preparation. Rimap provides a vocabulary and framework so that we can be efficient in communicating our intentions and expectations."

Sebastian Bregning, Senior Risk Manager,
A. P. Moller - Maersk A/S – Denmark

**TAKE
THE FERMA
RIMAP EXAM
WHENEVER YOU
ARE READY**

Am I eligible?

No eligibility criteria are required to pass the Rimap certification, you may apply at any time. However we will ask you to provide us with your education level as well as the number of years of experience in a Risk Management position. Three levels of certification apply :

- Entry level for candidates with no experience in risk management
- Professional level for candidates with a minimum of 3 years experience in the field
- Advanced level, for those having followed the Rimap Advanced Workshop and with 10 years experience in the field

What do I need to study?

Four sets of learning material developed by FERMA's team of risk experts are available online following enrolment.

What can I expect for my examination date?

- 2-hour online exam with 100 questions
- technical requirements: computer, internet connection, 3 hours continuous availability without disruption
- proctoring directly on the platform

Examination dates

Certification online exams are held monthly to provide you with the greatest flexibility.

How do I apply?

1. Go to **www.ferma.eu/rimap-certification** and click on **Apply Now**.
2. Enroll in the certification and pay the enrollment.
3. Once your application and payment have been confirmed, our **certification partner LHWC** will contact you for enrollment with your credentials to access the certification platform, which will allow you to:
 - Access learning materials and practice questions
 - Choose your examination date
 - Upload your documents in your personal area necessary for certification (ID and CV), renewal, and upgrades
 - Take the exam and mock exam
 - Download your certificates when obtained and manage all the renewals and upgrades
